# FORTIFIED & DESSERT WINES

## FORTIFIED WINES

*Fortified wine is made using added alcohol, usually brandy or another neutral spirit. A fortified wine can be either dry or sweet, depending on when the winemaker adds the extra spirit.*

**BROADBENT, 10YR OLD MALMSEY 16**  
Madeira, Portugal

**SANDEMAN, PORTO TAWNY 20YR 18**  
Portugal

*Specially selected Ports are chosen for ageing in wooden casks, which concentrates their fruit and flavour. The colour matures from deep ruby through to amber, producing a rare and delicious Tawny Port. Maturity and fruit are harmoniously balanced, creating the perfect conclusion to a meal and the inspiration for good conversation.*

## DESSERT WINES

*Unlike fortified wine, dessert wine is always sweet and doesn't have added alcohol. Dessert wine-makers use various processes to achieve sweetness levels.*

**CHATEAU GUIRAUD, 2014 SAUTERNES 16**  
Sauternes, France

*During the growing season in Sauternes, evening mists develop along the Garonne River and settle into the vines until late morning. The next day, the sun has a chance to burn the moisture away, drying the grapes and concentrating their sugars. What distinguishes a fine Sauternes from a normal one is the producer's willingness to wait and tend to the delicate grapes through the end of the season. The philosophy at Chateau Guiraud is to let nature take its course, and allowing the vines to achieve their full potential.*

# WINES BY THE BOTTLE

*There is nothing so great as watching someone's eyes light up as they learn about a new wine and leave with the satisfaction of not only sharing a beautiful bottle, but also retiring from their evening with the confidence and wonder of learning something new.*

*My aim is to make exceptional wine more accessible, and approachable. You will notice that a few wines have been highlighted on this list, these are meant to be an in depth and ever moving spotlight on some of our selections.*

*For the last two years, we have been honored to receive a **WINE SPECTATOR AWARD OF EXCELLENCE** for our innovative wine list. When crafting our list, we have always approached our program with a critical eye. Striving to ride the edges of tradition and innovation; celebrating small farmers and producers who practice their craft using time honored wine-making techniques and with the wild haired mavericks testing the boundaries of what is possible.*

*Thank you for spending your time with us, we hope that there is something wonderful to share with everyone who walks through our doors.*

## ROSE

### ARNOT-ROBERTS 65

Touriga Nacional, Tempranillo, Grenache 2022 — California, U.S.

*It's not hyperbole to say that Arnot-Roberts is one of the most important California wineries of the 21st century. If you look around the current landscape of young and exciting wineries on the West Coast making terroir-driven, site-specific wines, nearly all of them are predated by Arnot-Roberts. As a modern-day benchmark producer we love this compelling rosé, made with Touriga Nacional grapes sourced from dynamic volcanic soils in the Luchsinger Vineyard in the Clear Lake AVA -North Coast, California. We adore its copper color, aromas of melon, citrus and dried herbs combined with a palate of orchard fruits, a bright acidity and saline, mineral finish.*

### DATERRA VITICULTORES 79

*Under the supervision of power-house female winemaker Laura Lorenzo, Daterra Viticultores is a essentially a wine-making group project. Laura works with locals all over Spain to utilize vineyards to produce what they are best suited for. She seeks low-intervention in all her grapes saying "we seek for the future through agriculture, which means years of work in the vineyard...our grapes give good information, and let us know where the wine wants to go."*

### CHATEAU LA NERTHE 110

Châteauneuf du Pape Blanc 2021 — Rhône

*Chateau La Nerthe translates to ‘The Northern Castle’ and has been operating since 1560. This is a fuller bodied, lower acid white, lots of limestone, tangerine, pineapple and a salty minerality. Chateauneuf du Pape tastes of history, wines from this area remind us of old heavy parchment, futile French lords, and stained glass windows.*

**DOMAINE VINCENT DAMPT,**  
Chablis 1er Cru Côte de Lechet 105  
Chardonnay 2022 — Burgundy

*Ripe lemon peel, a whisper of elderflower and cool, chalky depth create an inviting nose on this wine. The palate has a similarly light, aromatic touch on its smooth texture, but also hints at depth and beautiful length. This wine is sinuous, smooth, concentrated and satisfying. Drink slowly and let it happen to you.*

Napa Cabernet 2019 — Napa Valley, CA

*Chateau Montelena's was founded by a San Francisco senator in 1882 and was one of the largest wineries in the state. Prohibition put an end to Montelena's winemaking. Today the distinct 19th century stone structure stands as a quality icon in Napa Valley. Dark garnet, nearly violet in the glass, the aromatic intensity of this wine is irresistible. The acidity is laser focused, and tannins here serve to elevate, not overwhelm, the kinetic balance of texture, ripeness and vineyard character.*

### **BRUNO GIACOSA 94**

Arneis 2022 — Piedmont

*Arneis quite literally translates from the Piedmontese Italian to "little rascal". The reason it is so named is because it is an incredibly tricky grape to grow. It's thin skins make it easy to damage the berry - the grape can tear if it gets overly ripe, blow off the stems in a strong wind... the list goes on. Although Giacosa is known for their showstopping Barolos and Barbarescos, their Arneis is not to be overlooked. A great full bodied white that stands up well to all kinds of foods with a wonderful mineral kick on the back end. Our favorite pairing is with our organic roasted chicken or Berkshire pork.*

The interaction between soil, microclimate and vine, skilfully managed, gives unique characteristics to the grapes and the wines are distinguished by minerality and elegance. 'Sul Vulcano' is mineral heavy with perfect acidity.*

This wine opens with enticing aromas of Meyer lemon, white pineapple, lime zest and white blossoms. On the palate, ripe yellow stone fruit and lemon grass mingle with notes of honeydew and marzipan. Nebbiolo 2020 — Lombardy  
*A staff favorite, this Nebbiolo, known locally as 'Chiavennasca', is grown on the Italian Alps nestled into a near vertical drop. To farm on this steep terrain farmers built miles of rock terraces into the mountainside. The label depicts a delightfully bold artistic rendition of the stone terraced slope. The glass is joyously drinkable with notes of white pepper and powdery tannins that create a beautifully smooth yet complex sip.*

*The 2019 Charmes-Chambertin Grand Cru is very pure and intense on the nose, a melange of black and blueberry fruit infused with pressed violet petals. The oak here is seamlessly integrated. The palate is opulent on the entry with black plum and boysenberry jam. There is a subtle confit element to this Charmes-Chambertin with grippy tannins on the finish that delivers a subtle bitter/sappy edginess.*
